Our Chief Guest **Shri K S Venkatagiri**, Executive Director of **CII - Sohrabji Godrej Green Business Centre**, delivered a special address about Green Energy, Further he added, Power is the Second largest source of expenditure after raw material for any industry.

Power saving will ultimately result in cost reduction. He compared the steps that good industries take with those taken by world class industries. He urged industries to adopt world class Energy Efficient systems, become carbon / water positive, collaborate with stakeholders and suppliers to promote energy efficiency, and have innovative financial models for these. Also he highlighted the advantages of Energy Motors and the importance of reduction in Carbon footprint due to Solar Power. About 100 railways stations in the country are expected to go green by 2019. The Centre experts and Indian Railways worked jointly to develop methodology for rating of buildings, and how to make these buildings green.

Followed by Special Address, we have arranged a presentation on **“Why Solar at Roof Top”** by Shri. Rajesh Devaraj– AGM- GV Projects, M/s.ORB Energy Pvt Ltd, Bangalore. He spoke about the advantages of Solar power to reduce the Energy Cost and efficient Green Energy.

Finally it was an excellent exposure to our members, we seek your support and co-operation in future meeting also.

We are enclosing few photos for your reference.

With Warm Regards,

N Pradeep
