Sub: Elec - R&C - HT consumers - Exemption from Load Shedding for those who are having dedicated feeders as well as wind energy wheeling agreement - Reg.

\*\*\*\*\*

After careful examination of the request made by various Wind Generators Associations to utilize the wind energy for their captive use, approval is hereby accorded to exempt the HT consumers from load shedding upto 30.09.2013 for those who are having dedicated feeders as well as Wind energy wheeling agreement subject to the following conditions.

- 1) The above Load Shedding exemption is subject to the **Grid Condition.**
- 2) The load shedding exemption is permitted only for current wind generation.
- 3) Banked energy should not be taken in to account for load shedding exemption.
- 4) When there is no current wind generation, Load Shedding should be resorted to the above consumers on par with other HT consumers.
- 5) Necessary undertaking should be obtained from the above HT consumers in this regard in Stamped Paper.
