TECA:2024-25:CIR/003
11 April 2024

To All Members

CIRCULAR

Dear Members,

Sub: Submission of documents for CGP verification with the **SEs of Consumption End** for 2023-24 by 100% ownership categories of WEGs/Solar Power Plants before **31.05.2024**

Ref: Hon'ble TNERC Common Order dated 07.12.2021 in M.P. No. 24 of 2020.

We wish to inform you that, the documents for CGP verification for the year 2023-24 have to be filed on or before 31.05.2024 in respect of their 100% owned WEGs / Solar Power Plants, intended for their own captive consumption, with the concerned **Superintending Engineer at the Consumption End**. This has to be regulated before the due date of 31.05.2024, with the following documents.

As members are having experience in filing the documents for the periods from 2014-15 to 2022-23, this may not be a great task for them for filing the documents for 2023-24. Further, the Formats for filing the documents were also simplified by the order of TNERC dated 07.12.2021. However, we are enclosing the Blank Formats for the use of Members.

1. The documents for verification of CGP status, as ordered in M.P. No. 24 of 2020 dated 07.12.2021, need to be filed by the WEGs / Solar Power Plants, who own their CGPs for their 100% captive use, without the involvement of any other captive user. This has to be filed on or before 31.05.2024.
2. Those CGPs who are **100% owners of the WEGs / Solar Power Plants** and single captive user and who have multiple WEGs/SPGs, at multiple locations, can file the documents **in respect of all their WEGs/Solar Power Plants** owned by them, with the Superintending Engineer of the **Consumption End**, to facilitate the verification to go in an aggregate manner, which was ensured already.

TAMIL NADU ELECTRICITY CONSUMERS' ASSOCIATION

teca@tecaonline.in Web:www.tecaonline.in

3. Therefore, members having 100% ownership of their WEGs/Solar Power Plants, where they are the only Single Captive User, can file the documents, only in the modified Formats attached, in the manner as provided below.
4. Documents to be provided by such 100% owned WEGs / Solar Power Plants would inter-alia include:

When the Generator and Captive User is a "Company"

Format-I, (To be signed by the Chartered Accountant)

Format-II, (To be signed by the Chartered Accountant)

Format-V(A) (To be signed by the Authorized Signatory of the CGP)

Format-V(D) (To be signed by the Authorized Signatory of the CGP)

When the Generator and Captive User is a "Firm/Proprietary Concern/LLP"

Format-III, (To be signed by the Chartered Accountant)

Format-IV, (To be signed by the Chartered Accountant)

Format-V(A) (To be signed by the Authorized Signatory of the CGP)

Format-V(D) (To be signed by the Authorized Signatory of the CGP)

Note: Format V(B) relates to other than WEGs / SPGs and Format V(C) relates to WEGs which are under Group Captive Mode and hence, both the Forms can be ignored and however, for reference they are attached.

5. The above Formats, in the above manner, have to be provided to the Superintending Engineer of the Consumption End for 2023-24 on or before 31.05.2024 both in hard copy as well as in soft copy.
6. Please note that while filing the documents, proper acknowledgement should be obtained from the SEs concerned, with their seal and stamp or the documents can be sent by e-mails and RPAD and Postal Acknowledgements can be tracked and kept ready, when any dispute comes on the issue of non-filing of documents.
7. The covering letter for submission of documents can be prepared and submitted as per the Model Draft attached.
8. In respect of members sourced power from **Group Captive CGP Sources**, the concerned Generator would seek Format-II / Format-IV

as the case may be, from the Captive Users and that alone has to be signed by the Chartered Accountant and returned to the concerned Generator by the Captive User.

9. The instructions provided in this Circular are only pertaining to 100% owned WEGs / SPGs and not for Group Captive Power. In Group Captive Power, the responsibility to file documents for CGP verification rests with the concerned Generator only and not with the Captive User. This position can be understood clearly.

With Warm Regards

N. Pradeep
President
