To

ALL MEMBERS

Dear Sir,

Our Vice President Mr. S.N. Eisenhower have met Mr. Sekar-Chief Engineer- Renewable Energy, TANGEDCO on 20th March 2013 and discussed the following matter.

Implementation of Solar Policy Obligation.

TANGEDCO was very clear that if electricity consumer does not meet the SPO obligation or buy REC they will be charged Rs. 13.20 per unit for their SPO obligation.

TANGEDCO Solar Power Plant

TNEB will have its own Solar Power plants in 2014

Suggestion made by CE, Renewable Energy

Chief Engineer- Renewable Energy has agreed that our concern about SPO without TNEB having solar power is genuine and requested us to write a letter to Energy Secretary, TNEB Chairman and Industries Secretary to waiver of high power cost due to SPO for 2013 since industries are already struggling with severe Power Cut.

Alternately file a petition with TNERC after meeting TNEB Chairman with our demand to waiver of Solar Power Obligation for 2013 based on non availability of Solar Power with TNEB.

He also informed that wind power evacuation lines being stuck because of land acquisition and is hopeful of some action from Government in getting it cleared.

We will inform our further course of Action in this regard at the earliest.

With Warm Regards,

D. Balasundaram
President
